Who are your
competitors in
that market?

What's the
maximum #

Are you aware
of the costs
of shipping

DURING THE SHOW

Best practices and high-impact strategies
Analyse, adapt, succeed
Communicating during the show

BOOTH STAFF AND SPEAKERS

- Who is the best placed to talk about your brand, and to close deals?
- Consider the size of your booth and adapt your team accordingly.
- If your team doesn't speak French or English, consider bringing in a translator.

ADOPT THE RIGHT ATTITUDE

- Warm and outgoing staff, trained on how to approach people with curiosity and respect.
- Welcome visitors into your booth like you would with friends into your own home.
- Seek to remain approachable, even if you are busy.
- Treat everyone with the same regard, even if they might not be who you're looking for.

MAKE THE MOST OF THE EVENT BEYOND YOUR BOOTH.

- Seek to meet more than just buyers: journalists, influencers, agents and other potential collaborators will be present.
- Don't miss our animations: conferences, masterclasses, one-on-one meetings with experts, cocktail parties... and more!

WSN ACADEMY   

PAY ATTENTION TO HOW VISITORS INTERACT WITH YOUR BOOTH.

- Highlight items that particularly catch attention.
- Switch furniture around if traffic isn't optimised.
- Remove some items if your booth feels too cluttered.

ANALYSE HOW VISITORS REACT TO HEARING YOUR PITCH.

- What is their body language saying?
- Are they maintaining attention throughout your pitch?
- What kind of questions do they ask?

NOTICE PATTERNS IN THE TYPE OF PEOPLE WHO STOP BY YOUR BOOTH.

- What kind of buyers are they?
- Where do they come from?
- What are they interested in?

SHOWCASE YOUR PRESENCE ON THE EVENT ON YOUR SOCIAL MEDIA

- Make the most out of your display by taking pictures of your collection.
- Ideally, your social media communication will tell the story of an unmissable event, full of fruitful meetings and amazing fashion discoveries.
